

Stand out from the pack

Are you looking to grow your Group Insurance offering or looking to diversify your services by adding Group Insurance to the mix? Look no further. AGI, the group insurance administration experts, can help. Because we believe group insurance *should* be easy.

Benefits to advisers

- ✓ Outsourced administration: we are a full-service, administration back office for group insurance. Our first-rate administration system means that commission and claims are paid quickly and accurately, member data is correct and up to date, and members are underwritten to the maximum levels of cover available to them. Most importantly, dealing with AGI means that you can focus on what you do best: service your clients and provide excellent advice.
- ✓ Your own experienced Business Development Manager to help you grow your group risk offering and provide sales support and training when you need it.
- ✓ One point of contact for all your group risk quote needs, with market-leading response times.
- ✓ Request quotes online, or visit our website to access handy tools and information relating to group insurance. You can also contact our helpful Business Development Manager for assistance at any time.
- ✓ Receive regular newsletters and keep abreast of developments in the group risk market.

Target market:

Groups of at least 15 lives comprising of Professionals, White-Collar, Mix or White & Blue Collar (on application).
